Dear Colleagues,

I am excited to share this information with you. Joy Masoff and Lou Scolnik of Five Ponds Press have created books that are **100%** correlated to the Virginia Standards of Learning for History and Social Science, Grades K-3! I know this because served on the Advisory Board.

These books are exceptionally well crafted and contain exquisite full-color pictures on every page. Also included are timelines, full-color maps, graphs, and charts. Each text is written at an age-appropriate level. Class packs come with free teacher resource materials.
